# Message from the Chair

“Friendship.”

I know, it’s a cliché word to say in a message about a My Little Pony fan convention. I know it’s been played out, sung about, discussed, argued, ridiculed, and memed. I know it’s the token word that Hasbro would like us to think about with the latest generation of their franchise. I know that the show is much more than that, and I know that our community is diverse and unique, well beyond a simple expression.

I know that we’re fans of a kids show. I know that many of us were not supposed to be. I also know that I don’t care. I know how many true, amazing friends this fandom has brought to me. I know that I am not alone. And most of all, I know that I was not the only one sad to see our weekend of pony coming to a close.

Thank you to every creature who supported this new event and our new chance to share this unique, fun, and uplifting topic together one more time. In particular, thank you to BCAEA for their support of our fandom. I couldn’t be happier to be here with you all now! Now, let’s go have fun and remind ourselves exactly what “Friendship” means to all of us.

**Rob “Aphinity” Harrison**  
*Vanhoover Pony Expo Chairman*

# Code of Conduct

## General Rating

Attendees of Vanhoover Pony Expo (VPE) should refrain from strong language, displays of violence, inappropriate dress, and depictions of illegal or age-inappropriate behaviors, both real and fictional in all public areas of the convention. Let's keep it clean out there, ponies!

## Registration

Photo ID and age validation is required upon entrance to the convention. We accept government-issued ID, such as driver's licences, passports, health care cards, etc.

Notice: We require your legal name for correct identification; however, it is not required to be on your badge.

## Lost and Found

All abandoned items should be brought to the nearest convention volunteer; items will be stored in the convention operations room during the weekend. VPE will store and safeguard all lost items until January 14th, after which these items will be given to the hotel lost and found and handled based on their policies.

## Alcohol and Prohibited Substances

Alcoholic beverages purchased from hotel facilities are permitted in convention space and inside the hotel. Alcoholic beverages purchased from outside of the hotel may only be consumed in a private hotel room and not in hotel hallways, lobbies, or convention space. If you appear intoxicated, you are not permitted in convention space.

Consumption of alcohol is illegal for anyone under the age of 19. Anyone found providing alcohol to minors will be removed from the event.

## Smoking

Please follow all hotel policies and local laws regarding smoking in the convention space and your hotel room. Smoking is not permitted by law in all indoor public spaces, nor within six metres of an entryway, openable window or air intake. Please smoke in designated areas only.

## Media Coverage and Press

All members of the press who wish to cover VPE must check in with Registration, with credentials to verify your status, in order to receive a press pass.

VPE reserves the right to grant or deny approval for all recording requests, and may retract permissions at any time.

## Minors

Attendees 11 and under receive a youth pass; they must be accompanied by a parent or designated guardian 18 and older with a paid adult badge. Attendees ages 12-17 must purchase a standard pass; those 16 and under require parental consent.

Our supervised Kids events room is available and has dedicated programming just for our young attendees & guardians. Children may be left up to 2 hours if an available waiver is signed and guardians do not leave the site and agree to be reachable.

## Pets and Service Animals

In following with the hotel policy, service animals are allowed for attendees that require them. VPE asks that you leave your pets at home or in the care of someone that you can trust while you are enjoying the convention.

## Photography

Cameras and video recording are allowed at most panels and spaces through VPE; however, we ask that you remain aware of your surroundings while taking photos or video.

As a courtesy to others, don't forget to ask if attendees would like to be photographed or recorded!

## Public Behaviour

Disruptive or unsafe behaviour will not be tolerated in any of the convention spaces, including, but not limited to: harassment, dangerous acts towards people or property, sexual conduct, illegal activities and possession of a weapon.

Violations may result in expulsion from the convention.

## Weapons and Props

For the safety of attendees and staff, restrictions on weapons and props are in place for the duration of VPE.

Props that resemble weapons must be peace-bonded and be sheathed or holstered at all times.

Full details are available at the VPE operations room.

On camera he's done everything from baring his chest for Daphne in *Scooby Doo 2: Monsters Unleashed*, to tazing himself as a bad guy in *Jim Henson's Turkey Hollow*, to stuttering at inopportune moments in *The Imaginarium of Doctor Parnassus*, to forging shady real estate deals in *Supernatural's* crossover "Scoobynatural." His latest writing is the multiple award winning short film *WoodMan*, in which he also starred, that was made as part of the 2017 Crazy8's filmmaking festival. ## Emmett Hall

Sunday,  
January 13th  
Only

Emmett Hall's career in the entertainment business has run quite the gamut.

While working over a decade as an animator and storyboard artist for children's television, he could be found moonlighting in Vancouver's alternative comedy community, most notably with the Sunday Service improv troupe. MLP fans will know Emmett as the voice of **Sky Stinger** in the episode "Top Bolt" (a friend to the character Vapor Trail, voiced by fellow Vanhoover guest Rhona Rees), as well as a storyboard artist at DHX for both *MLP: Friendship is Magic* and *Equestria Girls*.

Now, his most recent ventures have moved into the gaming world at Klei Entertainment, where he's found a niche writing narrative and composing for their various video games.

And every so often you just might hear his voice in the odd commercial and cartoon.
